

Keep What You Got

Howlin' Wolf

Come here baby, sit on my knees
I got something to tell you hurry please

You oughta keep what you got
You oughta keep what you got
You oughta keep what you got
'Cause you gonna need it some day

Gave you my money, it was 'bout a ten
Savin' my money, get you the other ten

You oughta keep what you got
You better keep what you got
You better keep what you got
'Cause you gonna need it some day

The run around [?] you done what you did
You don't fool around, you'll need my help again

You better keep what you got
You better keep what you got
You better hold on what you got
'Cause you gonna need it some day

Tell you baby, tell you no lie
Don't I stow? your money all the way

You better keep what you got
You better keep what you got
You better keep what you got
'Cause you gonna need it some day
