

Long Green Stuff

Howlin' Wolf

Some folks call it loot
Some folks call it honey
Some folks call it bread
But everybody calls it money

But I can't get enough
Enough of that long green stuff

Sometimes the stuff is hot
Sometimes the stuff is cold
But what I like about the stuff
It's just about as good as gold

I can't get enough
Enough of that long green stuff

I can't get enough of that stuff
I can't get enough of that stuff
I can't get enough of that stuff
I can't get enough of that stuff

I can't get enough
Enough of that long green stuff

Sometimes the stuff is cold
Sometimes the stuff is bad
What I like about the stuff
Just about as good as gold

I can't get enough of that stuff
I can't get enough of that stuff
I can't get enough of that stuff
I can't get enough of that stuff
