

Look-A-Here Baby

Howlin' Wolf

Yeah, baby you're fine
I really wanna know your name
What's the difference
I really love the woman [?]
You're so sweet, to me anyway
Darlin' what might be your name?
She said none of your business, you don't understand?
Well ok
Girl, can I take you to the show tonight?
She said ok if you be nice
I don't know no other way but to be nice to you
Ah, everything's nice?
Baby I'm swell, I love you
You're my color and you're my kind
