

## Moving

Howlin' Wolf

I'm gonna leave this town and I'm going back down south  
I'm gonna leave this town, Lord, and I'm going back down south  
What women cheap like a [?] each chick can hear me howl

I drank wine every night and going fishing every day  
I drank wine every night and going fishing every day  
Going to church on a Sunday, go lay in the sun until late

I'm still about your man but I don't tote my forty four no more  
I'm still about your man but I don't tote my forty four no more  
I'm still built for comfort and my name ring everywhere I go

My name ringin' in Mississippi, ringin' in Georgia too  
My name ringin' in Mississippi and Alabama and Georgia too  
I'm going back down south, wanna women showed what to do
