

# My People's Gone

Howlin' Wolf

My people is gone, I'm in this world alone  
My people is gone, I'm in this world alone  
I'm got to start drifting, yes, I'm alone

I hear church bells tollin', I know my people is gone  
I hear church bells tollin', I know the peoples is gone  
I've got to leave this town, I can't stay here long

I ain't satisfied, my people is gone  
I ain't satisfied, my people is gone  
I'm [?], I'm just alone

Why should I walk, the people is gone  
Why should I walk, that my people is gone  
I'm gon' start to walkin', I'm just alone  
I'm just alone, I'm just alone
