

My People's Gone

Howlin' Wolf

My people is gone, I'm in this world alone
My people is gone, I'm in this world alone
I'm got to start drifting, yes, I'm alone

I hear church bells tollin', I know my people is gone
I hear church bells tollin', I know the peoples is gone
I've got to leave this town, I can't stay here long

I ain't satisfied, my people is gone
I ain't satisfied, my people is gone
I'm [?], I'm just alone

Why should I walk, the people is gone
Why should I walk, that my people is gone
I'm gon' start to walkin', I'm just alone
I'm just alone, I'm just alone
