

Natchez Burning

Howlin' Wolf

Did you ever hear about the burning
That happened way down in Natchez Mississippi town
Did you ever hear about the burning
That happened way down in Natchez Mississippi town

Those buildings got to burning, there's my baby layin' on the ground
Charlotte Jones was there, Luiza was there
Rosie Mae was there, Louise was there

Did you ever hear about the burning
That happened way down in Natchez Mississippi town
I stood back, was lookin', and the old building come tumble down
