

Stop Using Me

Howlin' Wolf

When I had a lot of money
Called me daddy, called me honey
When I had a lot of money
Called me daddy, called me honey
My dough got low
I'm a no good so and so

Went out every night
Drinkin' whiskey, drinkin' wine
You went out every night
Drinkin' whiskey, drinkin' wine
You blew all this good money you spent
All the money was mine

Tired of bein' troubled
An' worried, troubled too
I'm tired of bein' troubled
Worried an' troubled too
Keep on using me
After a while we'll be through

Well I'm tired of bein' worried
An' troubled too
I'm tired of bein' worried
Baby, an' troubled too
Keep on using me
You an' me gonna be through
