

# The Big House

Howlin' Wolf

I'm on my way to the big house  
Don't nobody live there but me  
I said I'm on my way to the big house  
Don't nobody live there but me  
You know I need somebody  
Somebody to keep me company

Look at the sun risin'  
This morning, above the trees  
Look at the sun risin'  
This morning, above the trees  
I got nobody  
In this big house to talk to me

I'm gon' sell this big house  
I'm gon' find me another place  
I'm gon' sell this here big house  
I'm gon' find me another place  
I'm tired of staying here  
Tired of staying here everyday

Lord, I'm tired of sleeping  
Tired of sleeping here by myself  
Lord, I'm tired of sleeping  
Tired of sleeping here by myself  
The one I used to sleep with  
Out sleeping with somebody else
