

Worried About My Baby

Howlin' Wolf

Lookie here baby what you tryin' to do
Tryin' to love me and another man too
I'm worried about that baby
Baby worried about you
Baby worried about you baby
And you better be worried about me

I'm gonna tell you this time, I ain't gonna say no mo'
The next time I tell ya I'm gonna let you go
'Cause I'm worried about you
Baby worried about you
Baby worried about you baby
And you better be worried 'bout me

Run here baby, sit on my knee
I got something to tell you been worrying me
I'm worried about you
Baby worried about you
Baby worried about you baby
And you better be worried about me

Got up this morning, feeling bad
Nobody know how much trouble I've had
I'm worried about you
Baby worried about you
Baby worried about you baby
And you better be worried about me
