

# Damage Gets Done

Hozier

Without shame  
Two outfits then to my name  
You'd end up in one when you'd stay  
We had nowhere to go  
And every desire for going there

I heard once  
It's the comforts that make us feel numb  
We'd go out with no way to get home  
And we'd sleep on somebody's floor  
And wake up feeling like a millionaire

Wish I'd known it was just our turn (We just got by)  
Being blamed for a world we had no power in (But we tried)  
You and I had nothing to show (We didn't know)  
But the best of the world in the palm of our hands (Anything, darling  
)

And, darling, I haven't felt it since then  
I don't know how the feeling ended  
But I know being reckless and young  
Is not how the damage gets done

One time we would want for nothing (One time we had it all, love)  
We knew what our love was worth (When we had nothing)  
Now we're always missing something (I miss when)  
I miss when we did not need much

Oh, if the car ran, the car was enough  
If the sun shone on us, it's a plus  
And the tank was always filled up  
Only enough for our getting there

(And you flew away) That first car was like wings on an angel  
Before the whole wide world got too thin  
(From me then) I swear goodwill kept up the engine  
You were steering my heart like a wheel in your hands (Turn back, dar  
ling)

And, darling, I haven't felt it since then  
I don't know how the feeling ended  
But I know being reckless and young  
Is not how the damage gets done

All I needed was someone  
When the whole wide world felt young  
All I needed was someone  
When the whole wide world felt young
