

Good Vibes

HRVY

I only want good vibes round me tonight
No negativity in my life
Just good vibes, that's what I like
So I don't need you raining on my parade
Throwing shade, be on your merry way
I only want good vibes round me tonight
No negativity in my life

I know life will never be perfect
But the sun shining feels like I deserve it
You, yeah, you
Why you coming over here with your cloud?
You, yeah, you
Why you always tryna bring my mood down?

I only want good vibes round me tonight
No negativity in my life
Just good vibes, that's what I like
So I don't need you raining on my parade
Throwing shade, be on your merry way
I only want good vibes round me tonight
No negativity in my life

So I'm here with the brighter perspective
So I really ain't tryna be stressing
You, yeah, you
Why you coming over here cold as ice?
Wah-wah, boo-hoo
A little optimism could be so nice

Maybe if you wasn't being so shady
Throwing venom everywhere daily
You could chill, you could hang
But you ain't on that hype

I only want good vibes round me tonight
No negativity in my life
Just good vibes, that's what I like
So I don't need you raining on my parade
Throwing shade, be on your merry way
I only want good vibes round me tonight
No negativity in my life

Vibes, I only want
Vibes, I only want
Vibes, good, good, good vibes

I only want good vibes round me tonight
No negativity in my life
Just good vibes, that's what I like
So I don't need you raining on my parade
Throwing shade, be on your merry way
I only want good vibes round me tonight
No negativity in my life

Vibes
I only want good vibes round me tonight
