

Million Ways

HRVY

Sunday morning, I woke up with no one beside me
Reaching out for you like you were still there
Gave excuses like 'no labels', I'm not ready
Now I'm drowning in a sea of regret, yeah

I'm not gonna say goodbye
'Cause I'm gonna change your mind
Let me love you, let me love you all day
I got a milly, got a million ways
I'm not gonna give you up
I got you, I swear to God
Let me love you, let me love you all day
I got a milly, got a milly, got a million ways

Got a milly, got a milly, got a million
Got a milly, got a milly, got a million

Champagne's on set, breakfast in bed
Away for the weekend then do it again
When I'm out late thinking of ya, I'ma call ya, yeah
Show you I care, that no one compares
When we get older, I want to be there
Swim a mountain, climb an ocean, do it for ya, no

I'm not gonna say goodbye
'Cause I'm gonna change your mind
Let me love you, let me love you all day
I got a milly, got a million ways
I'm not gonna give you up
I got you, I swear to God
Let me love you, let me love you all day
I got a milly, got a milly, got a million ways

Got a milly, got a milly, got a million
Got a milly, got a milly, got a million (Ways)

How do I (How do I?)
Do I show how to make, make it right? (How do I show you?)
(Make it right)
Instead on making more mistakes (The same mistakes)

I'm not gonna say goodbye
Let me love you, let me love you all day
I got a milly, got a milly, got a million ways

Got a milly, got a milly, got a million
Let me love you alone
Got a milly, got a milly, got a million (I'll be there)
(Let me love you like that)
Got a milly, got a milly, got a million
(Got, got, got a million ways)
Got a milly, got a milly, got a million
