

# Never Be Us

HRVY

The love that could never be us  
The love that could never be us  
The love that could never be us  
The love that could never be, never be, never be

I know I shouldn't think this way about you  
But you got something  
It's like the world stops when I'm around you  
I'ma tell you one thing  
That I don't wanna put no pressure on ya  
But I wanna take you home

I know we talk too much when we shouldn't  
But we know we want to  
Electric when we touch and I know you feel it too

I've been thinking 'bout waking up next to you  
I've been thinking 'bout the love that could never be us  
I've been thinking 'bout waking up next to you  
I've been thinking 'bout the love that could never be us

I'm waking up, waking up, waking up, thinking 'bout you  
Waking up, waking up, waking up, thinking 'bout  
(The love that could never be us)

The love that could never be us  
The love that could never be us  
The love that could never be us  
The love that could never be us

I'm waking up, waking up, waking up, thinking 'bout you  
Waking up, waking up, waking up, thinking 'bout  
(The love that could never be us)

Who's gonna be the one to make the first move?  
'Cause that's my motive  
Am I being too obvious around you?  
Wonder if they've noticed  
That I don't wanna give the wrong impression  
But I wanna take you home

I know we talk too much when we shouldn't  
But we know we want to  
Electric when we touch and I know you feel it too

I've been thinking 'bout waking up next to you  
I've been thinking 'bout the love that could never be us  
I've been thinking 'bout waking up next to you  
I've been thinking 'bout the love that could never be us

I'm waking up, waking up, waking up, thinking 'bout you  
Waking up, waking up, waking up, thinking 'bout  
(The love that could never be us)

The love that could never be us  
The love that could never be us  
The love that could never be us

The love that could never be us

I'm waking up, waking up, waking up, thinking 'bout you  
Waking up, waking up, waking up, thinking 'bout  
(The love that could never be us)

I've been thinking 'bout waking up next to you  
I've been thinking 'bout the love that could never be us  
I've been thinking 'bout waking up next to you  
I've been thinking 'bout the love that could never be us

The love that could never be us  
The love that could never be us  
The love that could never be us  
The love that could never be us
