

Talk to Ya

HRVY

Girl, I know you're more than just a number
I know when I look into your eyes
See I could love you more than any other
I know you've been hurt, I'll make it right

I know it's hard to trust someone like me
When it's my reputation that's first to speak
I won't make a promise I can't keep
'Cause I can give you something that you never had before

I just wanna talk to ya, talk to ya
Maybe I can mend your heart with mine
I just wanna talk to ya, talk to ya
Take you from a broken paradise

You hit me like a wave girl and pull me under
Don't give me a chance to escape
I just wanna talk to ya, talk to ya
Take you from a broken paradise

I know everybody gave you warnings
I don't blame them, I don't trust myself
But, this ain't just like any other morning
And you ain't just like any other girl

I know it's hard to trust someone like me
When it's my reputation that's first to speak
I won't make a promise I can't keep
'Cause I can give you something that you never had before

I just wanna talk to ya, talk to ya
Maybe I can mend your heart with mine
I just wanna talk to ya, talk to ya
Take you from a broken paradise

You hit me like a wave girl and pull me under
Don't give me a chance to escape
I just wanna talk to ya, talk to ya
Take you from a broken paradise

I just wanna talk to ya, talk to ya
Maybe I can mend your heart with mine
I just wanna talk to ya, talk to ya
Take you from a broken paradise
