

# Carrousel

Hubert Kah

Oh what a cold night  
Some rocking boughs just fall  
On a meadow  
Oh girl you see the dim light  
You're descryin'  
You're descryin' somebody's shadow  
A tout in the park

Line your pockets  
Don't you linger  
Win your carrousel  
I'll get you in a rocket  
Close your eyes and  
You can break the spell  
In your carrousel

Just by the grasscourt  
So welcome astroboy and your widow  
Oh kids I'll make the earth talk  
You're tryin'  
Yes you're tryin' to stay  
On your pillows  
Time to embark

Line your pockets  
Don't you linger  
Win your carrousel  
I'll get you in a rocket  
Close your eyes and  
You can break the spell  
In your carrousel

J'ai besoin d'un pilote  
Et d'un avion  
J'ai besoin d'un pilote  
J'ai besoin d'un pilote  
Et d'un avion  
J'ai besoin

Time to embark

Line your pockets  
Don't you linger  
Win your carrousel  
I'll get you in a rocket  
Close your eyes and  
You can break the spell

You've got line your pockets  
Don't you linger  
Win your carrousel  
I'll get you in a rocket  
Close your eyes and  
You can break the spell  
In your carrousel
