

21st Century Vampire

Huddy

Dark circles under my eyes
No sunlight up in my sky
Can't feel the pain I'm immune

I don't get tired
I'm a 21st century vampire
21st century vampire
I guess I'm just meant to be sleepin' all day
I don't got no fucking life
I'm just a 21st century vampire
Yeah, yeah, yeah
Yeah, yeah, yeah

I'm not afraid to die
I'll make your boyfriend cry
I'm howling at the moon

I don't get tired
I'm a 21st century vampire
21st century vampire
I guess I'm just meant to be sleepin' all day
I don't got no fucking life
I'm just a 21st century vampire
Yeah, yeah, yeah

Save your heart for someone who's got one

Yeah, yeah, yeah

I don't get tired
I'm a 21st century vampire
21st century vampire
I guess I'm just meant to be sleepin' all day
I don't got no fucking life
I'm just a 21st century vampire
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
