

Worst Way

Huddy

Feel the tension
Fight 'til we fuck it out
Swear we never leave the house
On the west side
One look, yeah, it kills me
Never felt a passion quite like us
Young, dumb, and drunk in love

'Cause I don't want the roses and a table set for two (Two, two)
I would rather watch it fall apart, enjoy the view

So baby, love me in the worst way, worst way
I kinda love the way my heart breaks, heart breaks
Fuck me up before you run away, run away
Don't want it to end (Don't want it to end)
Baby, love me in the worst way, worst way
I kinda love the way my heart breaks, heart breaks
Fuck me up before you run away, run away
Don't want it to end (Don't want it to end)

SOS, can you save me?
Sinking ship and it's sinking fast
Hold me close, yeah, I'm so attached
And everybody knows that
We're just viciously in love
Prayin' we don't fuck this up
Right now, I'm a little too drunk
Just pull up and miss me with the

The roses and a table set for two (Two, two)
I would rather watch it fall apart, enjoy the view (View)

So baby, love me in the worst way, worst way
I kinda love the way my heart breaks, heart breaks
Fuck me up before you run away, run away
Don't want it to end (Don't want it to end)
Baby, love me in the worst way, worst way
I kinda love the way my heart breaks, heart breaks
Fuck me up before you run away, run away
Don't want it to end (Don't want it to end)
Baby, love me in the worst way

I think that you're in my blood
We don't need anyone, anyone, no

So baby, love me in the worst way, worst way
I kinda love the way my heart breaks, heart breaks (Heart breaks)
Fuck me up before you run away, run away (Run away)
Don't want it to end (Don't want it to end)
Baby, love me in the worst way, worst way
I kinda love the way my heart breaks, heart breaks
Fuck me up before you run away, run away
Don't want it to end (Don't want it to end)
