

What Do You Mean?

Hudson Taylor

When I was younger, not so insecure
I didn't care at all when we hopped the wall
Care at all when we took the fall
I wanna be there, don't need a reason why
I wanna feel that beat burning in my feet
Feel that beat of you and me

It won't be too long, sing that old song

What do you mean it don't mean nothing?
What do you mean we can't go back?
What do you mean? What do you mean?
What do you mean?
What do you mean you don't remember,
How it feels to be young?
What do you mean? What do you mean?
What do you mean?

I wanna love you, I wanna love you more
I wanna go, go, go till the sun don't show
Go, go, go till they tell me no
Don't need a reason, it's just a feeling, oh
I'm gonna go, go, go, go with the flow
Go, go, go till you tell me no

It's coming so soon, sing that old tune

What do you mean it don't mean nothing?
What do you mean we can't go back?
What do you mean? What do you mean?
What do you mean?
What do you mean you don't remember,
How it feels to be young?
What do you mean? What do you mean?
What do you mean?

What do you mean it don't mean nothing?
What do you mean we can't go back?
What do you mean? What do you mean?
What do you mean?
What do you mean you don't remember,
How it feels to be young?
What do you mean? What do you mean?
What do you mean?

What do you mean it don't mean nothing?
What do you mean we can't go back?
What do you mean? What do you mean?
What do you mean?
What do you mean you don't remember,
How it feels to be young?
What do you mean? What do you mean?
What do you mean?

I wanna go, go, go till the sun don't show
Go, go, go till they tell me no
What do you mean? What do you mean?

What do you mean?

I'm gonna go, go, go, go with the flow

Go, go, go till you tell me no

What do you mean? What do you mean?

What do you mean?
