

I'm begging you wait
I can see it in your eyes that you've decided that you're walking away
And I already know the answer to the question that I'm too scared to say
Is it wrong for me to keep on holding on if you can't carry the weight
So why won't you just wait

Stay here just a minute
I can't let you go
Why you tryna fix it
When it never even broke
Tell me how you're feeling
Fuck it, I don't want to know
Cause life ain't worth the living
If you're leaving

Tell me why
You pull when I've been pushin'
Hate to see that look in your eyes
Talking to myself again

I'm begging you wait
I can see it in your eyes that you've decided that you're walking away
And I already know the answer to the question that I'm too scared to say
Is it wrong for me to keep on holding on if you can't carry the weight
So why won't you just wait

Can't stay one more minute
The walls are closing in
I know you want to fix it
But you don't know bout him
If you must know how I'm feeling
Fuck it, where do I begin
I'm just not worth the heartache
Or the headache

Now you know why
You pull when you've been pushin'
Hate to see that look in your eyes
Talking to yourself again

Wait
You can see it in my eyes that I've decided that I'm walking away
And you already know the answer to the question that I'm too scared to say
You know it's wrong for me to keep on holding on if I can't carry the weight
I'm not worth the weight

I'm begging you wait
I can see it in your eyes that you've decided that you're walking away
And I already know the answer to the question that I'm too scared to say
Is it wrong for me to keep on holding on if you can't carry the weight
I'm not worth the weight
