

## Dressed Down

Hudson Westbrook

You look drop-dead gorgeous  
In that fancy downtown dress  
But if I'm being honest  
That ain't even close to your best

You put in all kinds of time  
And I wanna give you all mine  
Girl, we ain't drawin' no lines

You know I love showin' you off all over town  
But I love what you're wearin' when there's no one around  
I love the going in after going out  
I love it when we dress up, to get dressed down

Don't need to rush now baby  
We can stay for one more song  
With that look you got lately  
We can do whatever you want

We might pull off of the road  
If it can't wait 'till we're home  
Can't put what's burnin' on hold

You know I love showin' you off all over town  
But I love what you're wearin' when there's no one around  
I love the going in after going out  
I love it when we dress up, to get dressed down

Girl, you're lookin' so divine  
Oh, you got nothin' to hide  
So lay it on me later tonight, yeah

You know I love showin' you off all over town  
But I love what you're wearin' when no one around  
You know I love going in after going out  
I love it when we dress up, to get dressed down

Dress up  
Dress up  
To get dressed down  
Dress up, to get dressed down  
You know I love going in after going out  
Yeah, we dress up, to get dressed down
