

Every Everything

Hüsker Dü

I've got something she wants
She's got something I need
Got a lock on my heart
And she's got the keys
Softly spoken words of love
These are what she says to me
Honey be a man get off your knees

Every heartbeat
Every movement
Every moment
Every sigh
Every everything

Something in my heart
Something in my arms
Fell in love with your
Possessive charms
Softly spoken words of love
This is what she says to me
Got a lock on my heart
And she's got the keys
