

## Pride

Hüsker Dü

Why did you back me into a corner?  
I didn't mean it, it was just an act  
My friend's outside, can't he come in?  
And everybody else

Stupid pride, selfish pride, stupid pride  
Why does everybody have to be like that?

"Out!" Just an act.  
His parents love him, they send him money  
But he won't come back

No reaction, no response.  
Forget him, just forget him.
