

# We're Not Here for a Long Time (We're Here for a Good Time)

Huey Lewis & The News

There's a party down on the corner, do you want to go?  
They got rhythm, a little blues, and a whole lot of soul  
I don't care what you've got to say  
You're comin' with me anyway  
We're not here for a long time  
We're here for a good time

I know it's hard makin' a living every day  
And I know how hard you've been workin'  
But now it's time to play  
Tell that wolf waitin' at your door  
He'll just have to wait some more  
We're not here for a long time  
We're here for a good time

Some say the world is ending  
It might just come to pass  
Ain't no use in pretending  
Tonight could be the last

Tell the mailman to hold the mail  
Get ready to wag your tail  
We're not here for a long time  
We're here for a good time

Some say the world is ending  
Who knows if it's true?  
Ain't no use in pretending  
There's not much we can do

Leave a message for those who call  
We're out havin' us a ball  
We're not here for a long time  
We're here for a good time
