Who cares? no one's talking anyway
Who cares? won't the problem go away
Who cares? change the channel, stare and sit
Who cares? does any body give a shit?

Dimwits on the freeway stay alive at 55
Politicians speeding, just trying to survive
Couldn't stop the press, what a bloody mess
Imagine that, a paper sack that couldn't pass the test

Who cares? no one's talking anyway
Who cares? won't the problem go away
Who cares? change the channel, stare and sit
Who cares? does any body give a shit?

Who cares? no one's talking anyway
Who cares? won't the problem go away
Who cares? change the channel, stare and sit
Who cares? does any body give a shit?
