Pop Lock and Drop it (8x)

Tonight it's gone be some changes no acting sady  
So actin' and get it clappin' cause I'm knowin you feeling me  
Yea you cute but don't let that shit go to yo head  
Cause what this cutie won't do pimpin' anotha one will  
You prefer rockin' a skirt and ya hills so tall  
And we ain't wit none of that but cause our bills so tall  
I been peepin you for a while and you throwin' it back  
If you lookin' for you a balla we got dough in the back  
Look ya color Carmelo brown and ya skin so smooth  
I'm having fantasies about what you and me can do  
And you a undercova' freak you probably thinkin' the same  
I'm seein' light up on yo face because you peepin' my chain  
And I'm try'n to put you out therr as if you a freak  
So don't even take it that way just say you did for me  
And yea you'd probably roll wit me cause it's money in my pocket  
So before you then I gotta see you pop lock and drop it

I ain't gotta be ya man but I really wouldn't mind  
We ain't gotta talk again I'm just tryin' to have a time  
If you a balla pull a stack out and smack her on da Ayyyyy!!!!  
Pop lockin cock blockas get up out the way  
Let Lil' Mami get low give her space let her sweat  
The club turning to Hoota's cause they shirts are so wet  
From the window to da wall lil' moma showin' her thong  
The broad freakin' herself it's tellin' me that's it's on  
You ready then we can roll I'm tellin' you we can go  
I'm thinkin' if I can handle it the way you make it roll  
You groovin' and speedin' up you right in between us  
If you a stripteasa then baby don't tease us  
As first I though I was trippin' but my vision gettin' clearer  
You movin' that thang around as if you practice in the mirror  
She doin' a new dance what the next man said  
I'm like naw she just pop locking on a headstand

Make it roll to da left (left), Roll to the right (right)  
Pop lock and drop it get low, aight!!  
Make it roll to da left (left), Roll to the right (right)  
Pop lock and drop it get low, aight!!  
It ain't trickin' if you got it, we got it but I ain't givin'  
Just bounce it and roll wit it and maybe you roll wit us  
It ain't trickin' if you got it, we got it but I ain't givin'  
Just bounce it and roll wit it and maybe you roll wit us
