

Don't Wait Up

Hugo Helmig

5 a.m.
It feels like moving underwater (Uh)
Irresponsible
I think I got it from my father (Oh, oh)

I don't know
Why ya always seem to run out of love (Oh)
But I'm pretty sure
That I'll keep on ending up in situations that I didn't ask for

'Cause it's true, mistakes are part of everything I do
When I'm in a place where you don't wanna find me

Ain't no love, so don't wait up for me
When I'm in a place where you don't wanna find me
I can't stop, so don't wait up for me
When I'm in a place where you don't wanna find me

I hold my head up high
But I'm stuck here treading water (Ooh, wee)
It might take a while
But I'm fixing all my problems (Oh, oh)

I don't know
Why ya always seem to run out of love (Oh)
But I'm pretty sure
That I'll keep on ending up in situations that I didn't ask for

'Cause it's true, mistakes are part of everything I do
When I'm in a place where you don't wanna find me

Ain't no love, so don't wait up for me
When I'm in a place where you don't wanna find me
I can't stop, so don't wait up for me
When I'm in a place where you don't wanna find me

'Cause it's true, mistakes are part of everything I do
When I'm in a place where you don't wanna find me
(I know)

Ain't no love, so don't wait up for me
When I'm in a place where you don't wanna find me
I can't stop, so don't wait up for me
When I'm in a place where you don't wanna find me

You don't wanna find me
You don't wanna find me
When I'm in a place where you don't wanna find me
