

# Hold On

Hugo Helmig

I'm gonna hold on to you  
Just to make sure you won't leave this time for good  
Nobody feels any pain, mmh  
Tonight as I'm standing in the rain for good, yeah

I wanna show you  
The way to little less drinks on the table  
I wanna show you  
But I'm a little less, little less able

So I'm gonna hold, hold on  
I'm gonna hold, hold on  
And I know my words won't be heard  
'Cause I hurt you like no one before  
So I'm gonna hold, hold on

I know that I've crossed your line  
And I've been a fool too many times before

I wanna show you  
The way to little less drinks on the table  
I wanna show you  
But I'm a little less, little less able

So I'm gonna hold, hold on  
I'm gonna hold, hold on  
And I know my words won't be heard  
'Cause I hurt you like no one before  
So I'm gonna hold, hold on

I know my words won't be heard  
'Cause I hurt you like no one before  
So I'm gonna hold
