

You Should Know

Hugo Helmig

You should know how much I've been thinkin' 'bout you lately
And you should know that I want you back in my hands, babe
What if I told you all the things you wanna hear?
Would you believe my lies or just say goodbye?
And let me drown in my own tears? No

I can't imagine how it feels to be close to you
'Cause every time we go too fast, I run away
And I-I-I-I was the one to turn forever to a never-
ending misery
Ooh-ooh-ooh, yeah, oh, yeah

You should know I would turn back time if I could
I'm all alone, are you alone too?
What if I told you that my heartbeat started to fade?
Would you believe my lies or just say goodbye?
Would you walk away?

I can't imagine how it feels to be close to you, ooh
'Cause every time we go too fast, I run away (Run away)
And I-I-I-I was the one to turn forever to a never-
ending misery
Ooh-ooh-ooh, yeah, oh, yeah

I guess you can't
Yeah, you can't always keep what you want
Keep what you, keep what you want

I can't imagine how it feels to be close to you
'Cause every time we go too fast, I run away
And I-I-I-I was the one to turn forever to a never-
ending misery
Ooh-ooh-ooh, yeah, oh, yeah
