

Battle Cry

Hulvey

What I want, lost without love, got freedom in my lungs
Still throwing up the dub, that's what I want
Thought you had enough, well baby we ain't done
We can overcome

I know that I carry tears in my eyes
But I got the eye of the tiger
Yeah, tryna get back to that hunger inside
Can I discover the fighter?
Yeah, this for the ones feelin' nothing inside
There is a Voice in The Fire, yeah
Look in the eyes of the love of my life
I cannot give up, it's vital
Look at my father
Yeah, he bigger faster stronger
Look at my tears, livin' water
I got sonned, Memphis, Rocky
Made me kin, Ryan Gosling
Too twisted, this world way too twisted
They try to sell two flocks on table tops
He went and flipped it
Aye look, let me tell my story
Yeah, 2007 first felt shame, needed peace of Heaven
2016 heard Heaven weepin', cryin'
Heavenly bird, feathers over me, when He breathed the first letter
Took my curse letters to the palmettos
Every tear, let it fall

What I want, lost without love, got freedom in my lungs
Still throwing up the dub, that's what I want
Thought you had enough, well baby we ain't done
We can overcome
Yeah, want, what I want, lost without love
Got freedom in my lungs
Still throwing up the dub, that's what I want
Thought you had enough, well baby we ain't done
We can overcome

When I hear Your name I cry
Go ahead and roll the curtains, hehehe
Yeah
