Everything

Hulvey

God I give You everything (Everything)
I'm tired of holding on, I'm tired of holding on
God I give You everything (Everything)
I been searching for so long, yeah
Ayy, searching for so long, for so long
For so long, for so long
I'm tired of holding on, holding on
Holding on, holding on
I give You everything

This for my bro named Smooth
We was down at school
I seen your life changed, I seen your heart move
Now you know the truth, you went through some pain
You had the wrong things, you threw them all away
Ayy, ayy, you call me the other day
Yeah, yeah, we got on the phone and prayed
Thanking God me and my brothers never gonna be the same
Got off the phone, hit my knees, I don't want the fame
I keep holding on, I want validation
I been waiting, now I'm lacking patience
I surrender all these things that been in my way
Want to be who I was made

God I give You everything (Everything)
I'm tired of holding on, I'm tired of holding on (Oh)
God I give You everything (Everything)
I been searching for so long, yeah
Ayy, searching for so long, for so long
For so long, for so long
I'm tired of holding on, holding on
Holding on, holding on
I give You everything

I can't look back, I was so caught up in the past
I was trying to find purpose in the rap
True gift, true love that really lasts
I been, trippin', gotta slow it down and listen
I'm tired of feeling this distance, I give it all 'cause I'm slippin'
How You gon' tell me You love me when I ran away?
I can't explain this grace, this is the great escape
On my knees and I break, uh
I stand up and shake, uh
This is what real life look like
I'm tired of the fakes and the look-alikes
I need some peace
I was searching and I found it
I was thirsty for the fountain
I got faith to move the mountains
Gave me Your hand when I was drowning
I was searching and I found it
I was thirsty for the fountain
I got faith to move the mountains
Gave me Your hand when I was drowning

God I give You everything (Everything)
I'm just tired of holding on, on, on, on, on

God I give You everything (Everything)
I been searching for so long, yeah
Ayy, searching for so long, for so long
For so long, for so long
I'm tired of holding on, holding on
Holding on, holding on
I give You everything

Take myself
You have control
Take myself
You have control
Take myself
You have control
Everyday
I let go
