

Fancy

Hulvey

'Cause I want You
Where else to go?
You brought us through
When there was no hope
It ain't fancy
It's the way that You providin' for my family
It's the light that You sheddin' when I can't see
It's the love that You shower on my baby
On my baby

4AM on the FaceTime
Swear them brown eyes, could erase time
Flew you to the A, you was worth every dime
When your flight got delayed, girl we caught a straight vibe
Ain't fancy
It's them TikTok's that you made me dance in
It's the way your mama lookin' at her grandson
It's the way you always give me second chances
I'm so thankful
Look, ay, what you do?
Even though you the baddest, you play it cool
Most beautiful thing up in the room
Girl, I know it's ordained, we keep it true
You show me real loving
Got the simplest life and, girl, I love it
Gave a shot to a lil' dude from Brunswick, yeah
But you a Texas girl

'Cause I want you
Where else to go?
You brought us through
When there was no hope
It ain't fancy
It's the way that You providin' for my family
It's the light that You sheddin' when I can't see
It's the love that you shower on my baby
On my baby
And my lil' boy, too

You got them bold eyes that your mama got
Every day, son, you teach me what I'm not
When I think about this love, I just don't know where to start
When you reachin' for my nose, it just hit me in the heart
Got your name from a trip that I took
Put the story in your hand like I ripped from the book
As you grow into a man, pray you learn how to look
For the moments that you'll never get back
'Cause it ain't that fancy
It's when you lay your life down for your family
It's when you visit Grammy instead of GRAMMYs
It's when you can't see light through the damage
But He still don't change, don't vanish
It's such a blessing to say I'm your daddy
Just hold my hand when you feel the Titanic
I'd give my life just to know you ain't stranded

Oh, 'cause I want You

Where else to go?
You brought us through
When there was no hope
It ain't fancy
It's the way that You providin' for my family
It's the light that You sheddin' when I can't see
It's the love that You shower on my baby
On my baby
And my little boy, too

One, two, three, let's go
Go, ooh, ooh, ooh
Where else to go?
Ooh, ooh, ooh
Where else to go?
'Cause I want You
Yeah, yeah, yeah
Say I want You

It ain't fancy
