

# No Magic

Hulvey

I like that like  
They tryna know who the plug  
Like bruh, it's all God, this ain't no magic

I can't manifest my life, it's all love  
If He said it, then it's done  
Ay, and they like, Hulvey, how it happen?  
I say, this all God, this ain't no magic

Vello bringin' hip-hop's finest  
Word up to my folks  
They the Wicktown Diamonds  
Can't wait for perfect timing  
I gotta put the time in  
Car at 105, think I made it through the climate  
Sweatin' through my shirt, man, I was straight dyin', yeah  
Sun in my eyes, ultraviolet  
It's funny how the humble be the brightest  
You ain't ever flip the switch or take the guidance from me kept it drivin'  
This lifestyle that I'm round way too new to me  
My parents came to a show, barely even saw 'em  
Know what that do to me?  
Sometimes I wish You just made two of me  
My life so complex, but orchestrated so beautifully  
That necktie and that black jacket wasn't suitin' me  
Don't need no paper on that wall to see the fruit in me  
Bear your fruit in me  
So truthfully

I can't manifest my life, it's all love  
If He said it, then it's done  
Ay, and they like, Hulvey, how it happen?  
I say, this all God, this ain't no magic

I can't manifest my life, it's all love  
If He said it, then it's done  
Ay, and they like, Hulvey, how it happen?  
I say, this all God, this ain't no magic

Cut the nonsense, enough with the coincidence  
This life is a Godsend, ain't no San Antonio  
He'll show you who the pops is  
When I saw the light, it hit my pupil, call me Hopsin  
Let the livin' water break the levees of my conscience  
Yeah, I learn to love Him in the process  
Once upon a time, there was a man who met the lochness  
That's the end of it, 'cause we lost him to the darkness  
Moral of the story, it's gon' always leave you lifeless  
Don't fall for the counterfeit, your spirit truly priceless

I can't manifest my life, it's all love  
If He said it, then it's done  
Ay, and they like, Hulvey, how it happen?  
I say, this all God, this ain't no magic  
This ain't no magic  
This ain't no magic  
This ain't no magic

I can't manifest my life, it's all love  
Uh, if He said it, then it's done  
Ay, and they like, Hulvey, how it happen?  
I say, this all God, this ain't no magic

It ain't no magic  
This ain't no magic  
This ain't no magic  
This ain't no magic  
This ain't no
