

## Underdog Freestyle

Hulvey

You're a champion

Who's who in this rap game? Everybody got a big chain  
All I got is all I need, baby, my rap name is my last name  
Yeah, I don't regret it, uh, I ain't wylin' with' a debit  
Yeah, if I play my cards right, I'm gon' have good credit (Haha ha)

Uh! (This man talkin' 'bout credit) Don't look at me if you're lookin' for bands

I'm not a legend, I'm only a man, I hit the ceiling when I was a fan

Dropped out of college, I took a lil' chance, way before we ever got an advance

Had some people try to tell me I can't, I said that I can like SPAM

Reminiscing, I came up in a trailer, ship was sinkin', man, we needed a sailor

God-made, never needed no tailor, everything change when I met my Maker

I had to seize the moment, uh, I had to stop the scrollin', uh  
I was just rollercoasterin', broke out of box, I'm done with the posing

I'm never-ever-

ever selling my soul, got living water, gotta hop in the boat  
Best believe I'm gon' live what I wrote, uh, I'm gonna reap what I sow

Uh, this is my testimony, I remember I was baggin' groceries  
Me and my gang like Zach and Cody, I got Jesus, no Mr. Mosby  
Y'all-Y'all-Y'all fearing God, can't afford no Fear of Gods  
There's some days that I remember that I wasn't hearing God  
Mama told me get a job, I did

Scrubbin' toilets, I guess you can say I was really going in
