

## Formaldehyde

Hum

Mud pie in my eyes, you don't see what I saw,  
But there's fibers in my blood, so what now?  
There's a fire in my life.  
There's a fire in my life.  
A fire in my life.  
A fire in my life.

Sun-streaks in my brain, so what now?  
Blue strain, your PT, off my brand, ouch ouch, kill insane.  
There's a fire in my life.  
There's a fire in my life.  
A fire in my life.  
A fire in my life.

Mud pie in my eyes, you don't see what I saw,  
But there's fibers in my blood, so what now?  
There's a fire in my life.  
A fire in my life.
