

## Evil Curse

## Human Fortress

Don't you dare  
Never touch the wand  
Don't take his elixir  
Have to beware  
He'll chant a spell  
The bane of your life

Brace yourself  
You'll disappear without any trace  
Now burning eyes are watching me  
So bright they glare

Evil's meant to live forever  
Hell to pay for now and ever

Don't cast a spell on me  
No evil curse on me  
You can't deny the truth  
I'm not another prey for you

Desperately  
Now it's time to fight  
To prevent my destiny  
I will survive  
This mortal agony  
The bane of your life
