

Surrender

Human Fortress

Hunters - relentless pursuit
Hunters - misled them - that will do
Hunters - they are everywhere
Most wanted man - beware
Hunters - I'm not an easy prey
Hunters - I reach the forest glade
Hunters - get caught in a trap
One careless step on my way

I'm untamed I'm enchained
Feel the shackles of pain
To choke my veins
Won't surrender
My attempt to deceive
I am sure to succeed
Do you believe I surrender? - No never!

Torture - I won't say a word
Torture - to get a proof of guilt
Torture - do you want my blood?
Keep silent - sure enough
Torture - drub with bated breath
Torture - at the brink of death
Torture - they won't let me die
Keep the secret to survive

Won't surrender
Until the end of time
I'm unbroken - a strong-willed man
Missed your last chance
Before my lips were sealed
No you can't read my mind
Can't convict me of lying
There's no use to crying

I'm untamed - I'm enchained
Feel the shackles of pain
To choke my veins
Won't surrender
My attempt to deceive
I am sure to succeed
Do you believe I surrender? - No never!
