

## Get Lost

### Human Highway

Woke up early  
That's so unlike me  
Sleeping nightly

Went out walking  
With no ambition  
In no direction

Don't know if I can go home  
I might get lost

Thought I was hungry  
But in my stomach  
It was the nausea making me sick

I remember  
Burning embers  
Put my hands there to feel it linger
