

Get With It

Human Waste Project

Keep pushing down this
I can't get out of my head
you sugar coated feeling
so force fed
Lost and mindless,
I can't get out of my head
I am swallowed,
sinking in
I am tired of waiting
it's over.
I'm over this
Still I am sinking.
I can't get out of my head.
I get so heavy waiting for you
Words and pictures
that won't go away.
Words you re-arranged
I am tired of waiting
for this to begin
when it is already over
I am already gone
You re-arranged me
tried me on for size
Stumbling I trip and still I wonder
when you wore me
how did I feel
Did I fit like her? (Repeat Chorus)
