

Bursting Bowel Of Tellus

Humanity's Last Breath

See the skin of Earth peeling back
See the grip on the throats of innocence
Stained by the void, usurped by ill will
A permanent mark burrowing in
(A permanent mark burrowing in)
Stained by the void, soaked into my bones

Ashen skin, open agape
Remove the shell, reveal
This vacuum, this lack of God
Rejoice in misery
Rejoice in
This vacuum, this lack of God

Rejoice in misery
Ashen skin, open agape
Rejoice in misery
This vacuum, this lack of God

Swelling and erupting
Unending misery
The shell of Earth shattering
Eternal gloom (Eternal gloom)
Bodies transformed
Into a nest of rot and mire
Skin of ash, peeling away
Eternal gloom

See the skin of Earth peeling back
See the grip on the throats of innocence
Stained by the void, usurped by ill will
A permanent mark, burrowing in

Rejoice in misery
Ashen skin, open agape
Rejoice in misery
This vacuum, this lack of God

This lack of God

(This vacuum, this lack of God
