

# Glutton

Humanity's Last Breath

All which you possess  
Devoid of value  
All that you acquire  
Exacerbating your life's decline  
Dragging you further down  
Into an existence in abundance  
But completely worthless

Worthless

Yet your gluttonous instincts remain  
Prized possessions  
Like ball and chain  
Like ball and chain

Life in opulence  
Hoarder of nothingness  
Forever consuming  
Hands forever grasping  
Mouth forever swallowing  
This void forever growing

Hands forever grasping  
Mouth forever swallowing  
This void forever growing

Glutton!  
Brimful bellies bursting  
Their egregious contents spilling out  
In rivers of waste you'll drown  
Dragging you further down

Dragging you down

Gluttonous!  
Gluttonous!
