

# Kneeling In Front Of The Grave

## Humanity's Last Breath

Relationships are nothing but psychical torture  
It tears your fucking mind apart!  
It has made me a cynical person and this time  
I'll rip you the fuck apart!

If you don't pay I won't let you rest, so fucking pay me  
Or I won't let you rest! Tables turn and now you rot and  
You won't come back to me, limb for limb I promise you  
We'll take it slow from here

You're nothing, you're useless, just a waste of my time  
The only good time in my life was when you died  
Buried beneath my feet I shed no tears  
Only a grin on my face is what remains

You're nothing, you're useless, just a waste of my time  
The only good time in my life was when you died  
Buried beneath my feet I shed no tears  
Only a grin on my face is what remains

You're nothing, you're useless, just a waste of my time  
The only good time in my life was when you died  
Buried beneath my feet I shed no tears  
Only a grin on my face is what remains

You are nothing to me!  
Fuck your life you bitch!

Before I saw darkness now I see the light  
The life I spent with you was just a waste of fucking my time!
