

You've read your invitations carefully
calling us to meet in honour of her majesty
suited in your best attire
(for the center of the seat)
the doors open to the most bizarre you've ever seen

you're galant in this hour of early
amazed at the sight of this house
gliding through the parlor gracefully
amazed at the site of this swine gala!

Deadboy I wish you could see!

Glaring at eachother awefully
who in their right mind would go to such a thing?
Icy eyes watching your every move
you find your way out of this room

who on earth here could tell them apart?
does it even matter as you head for the bar?

Granted this occasion comes nevery and
only a fool would decline without a reason
Is it a wonder to you still how
fast each glass will go down?

They've read their invitations carefully
calling us to meet in honour of her majesty
suited in their best attire
(for the center of the seat)
but they ARE the MOST BIZARRE you've EVER SEEN!

You've waited in the ballroom patiently
in honour of her majesty's finest hour!
this hour is a DAY now
in your mind
without a face to know you're wasting your
TIME HERE.....let it go
