

# Box Mask

Humanwine

Throw out our  
Box Mask

We throw all we know away  
And start all over  
We build our homes high  
And hope you can climb

Throw out our  
Box Mask  
Throw out our  
Box Mask

Vaguity a luxury we can  
No longer afford  
When any talks we have  
Lead to war  
Why make signs without  
Making any sense?

Throw out our  
Box Mask  
Throw out our  
Box Mask

Something's gonna happen soon  
A well, a wish run through it  
I wanna see you  
Something's gonna happen soon  
I'm really gonna snap in two  
I wanna see you

Oong addaleko tauleh  
Oong addaleko naero  
Oong addaleko tauleh  
Udon tauleh!

Tea over paper  
Cooked to perfection  
A renovation  
A new constitution  
Laws written out  
In a child's handwriting  
You can't understand  
When you're not really there

Throw out our  
Box Mask  
Throw out our  
Box Mask

Throw out our  
Sparkling needle and thread  
Never stop till you're dead  
Sewing your best puppet dress  
To fit into this puppet mess

Can't you leave it alone  
Make it go away  
It's not here  
It's not here  
Shut it out  
Shut it out  
Shut it off  
Shut it off
