

# Shut Up And Don't Interrupt Me

Humble Pie

Shut up, don't say that you love me  
I'm tryin' to tell you girl how much I love you  
Ah ah oh.

On you keep sayin' that you don't care a ruin  
Now you're trying to tell me what I'm doing.

Shut up (Shut up) oh don't fib around please  
Get off my back.

Shut up (Shut up) Yeah don't fib around please  
All I'm trying to tell you, honey, is how much I love you.

Yeah how I'm supposed to get a single word out  
When you just sit there running your mouth.

Shut up (Shut up) Don't fib around please, alright.

Shut up (Shut up) Well I wanna blow my part, honey  
(You make me sick) Get drowned.

Shut up  
Oh shut up  
I said shut up.
