

# Firelight

Hundred Waters

Sunshine, where'd you go?  
I know tomorrow  
You'll be waiting for me  
I'll see morning  
Until, until that sight  
Firelight, goodnight

Starlight, I really want you  
I'd do anything, I'd walk through your fire  
If only, if only you'd peak through  
Half of my battle is caught in your shadow

Sunshine, where'd you go?  
I know tomorrow  
You'll be waiting for me  
I'll see morning

So come out  
Climb out of your hide out  
Reach out to me  
I'll open my eyes

Sunshine, where'd you go?  
I know tomorrow  
You'll be waiting for me  
I'll see morning

When you gonna come back?  
You're gonna come back  
You're gonna come back  
You're gonna come back  
You're gonna come back  
You're gonna, you're gonna, you're gonna

Until, until that sight  
Firelight, goodnight
