

Mushroom Cloud

Hundred Waters

I know I should tell you
I know that I should reach out
I know we should talk about
Talk about it
But each time I open my mouth
It's like I'm breathing smoke
It's like a mushroom cloud

I know we should laugh about
Laugh about
Laugh about it
I shouldn't be looking down
Cause when I do
I see the view
I'm in the claws of a dragon
I'm 30,000 feet high
Scattering seeds from the sky

Won't you fight
Won't you fight
Won't you fight
For me
