

# Tangerine

Hundredth

Shake you with a purpose  
I am thirsty  
Need a drop on my tongue

Sugar coated daisy  
Shining pretty  
I will stare and not run

Scratching at the peel to come undone...

Take away my ego  
I'm a zero  
Begging please I need some

How far can we take this?  
It's mistaken that my cravings are gone

Peeling back the skin to come undone

I've been low  
And it's low  
You are bored  
Why's this complicated?

Tangerine  
Sticky on the ceiling  
Watching over me  
Sweet yet so revealing  
Darling tangerine  
Rotting  
Hoping one day she will fall to me

Though I'm home, I'm alone  
I am bored  
Love is overrated

Tangerine  
Sticky on the ceiling  
Watching over me  
Sweet yet so revealing  
Darling tangerine  
Rotting  
Hoping one day she will fall to me

My darling tangerine  
My darling tangerine  
I'm begging come to me
