

## bothering

HUNNY

Forgive or forget  
Focus or fall asleep and be found  
Ten thousand feet off the ground  
Dreaming of distance  
Fleeting, the CD skips and repeats  
Like leather cracks in seats

Fault lines or freeways  
Ink dried on letters sent  
Expedited at the rate we're declining  
Present or protest  
Drifting and floating free  
Not prophetic, but it feels meant to be

It's not bothering me  
If it's not bothering you  
It's not bothering me at all  
At all

It's not bothering me  
If it's not bothering you  
It's not bothering me at all  
At all

Forgive or forget  
Focus or fall asleep and be found  
Ten thousand feet off the ground

It's not bothering me  
If it's not bothering you  
It's not bothering me at all  
At all

It's not bothering me  
If it's not bothering you  
It's not bothering me at all  
At all
