

## Speed Dial

HUNNY

Caught me sleeping off a headache  
Breathing at a fast rate  
Three days waiting for a replay  
I put it off 'cause I don't wanna forget  
Three dots and leave it on read  
Erase the file in my head

Park the car  
Lock the doors, Sabrina

Not like it matters but  
I'm feeling better 'cause  
You got my number on  
Speed dial number one  
All accounts  
Signed in, signed out  
But you got my number on  
Speed dial number one

Frequent flights overnight  
Take it one way

Park the car, lock the doors  
Let it run, all  
The lights around me  
Are so blinding  
Park the car, Sabrina  
Turn it off, all  
The lights around me  
Are so blinding

I bet they keep me up all night

Not like it matters but  
I'm feeling better 'cause  
You got my number on  
Speed dial number one  
All accounts  
Signed in, signed out  
But you got my number on  
Speed dial number one  
But you got my number on  
Speed dial number one  
Speed dial number one
